**2025 GEAR CASE GUIDE**

A black hard case is open, revealing a custom-cut foam interior. The gear inside includes a handgun, a long knife, a scope, a box of Remington-Union ammunition, a tan fabric strap, and a black hard hat. The case is resting on a wooden surface with green leaves and ferns scattered around it.

# RAGAR™

REUSABLE & RECONFIGURABLE FOAM

Introducing the RAGAR Foam System by Eylar, winner of the 2024 Red Dot Design Award and a revolutionary leap in protective storage. Unlike traditional pull-and-pluck foam, RAGAR is fully reconfigurable and reusable, offering unmatched versatility for Eylar hard cases. Create custom foam cavities for firearms, optics, drones, or cameras, and adapt the layout as your needs change. Its tessellating design lets foam pieces be removed, rearranged, and reinserted without waste, making it more durable and flexible than single-use foam. Made from Crosslinked Polyethylene Foam (XP), RAGAR offers superior protection and customization, setting a new standard in gear storage. Experience the future of storage with RAGAR Foam, exclusively from Eylar.

Eylar<sup>®</sup> portable protective gear cases are designed to be convenient and customizable. A tough exterior creates protection from impact along with a strong seal to keep the box water Proof. Air pressure equalizer valve located at the front to compensate for changes in pressure when traveling. Pluck and pull foam allows for custom compartmentalization to store gear neatly and securely. Strong and durable clamps located at the front or sides for watertight sealing and a fold out handle for easy carrying. Uniform grooves to create stacks if needed. Eylar<sup>®</sup> Gear Cases are ideal for protecting cameras, hand guns, tools and valuable equipment.

## Protective Deep Roller Hard Rifle Case Water and Shock Proof **with Foam**

Eylar<sup>®</sup> protective deep hard roller cases are the ideal choice for transporting rifles and tactical equipment, thanks to their innovative edge-to-edge crushproof design. These cases provide unparalleled durability, ensuring that your valuable gear remains safe and secure during transit. The inclusion of pluck and pull foam adds a layer of customization, allowing you to tailor the interior to your specific storage requirements. What sets Eylar<sup>®</sup> apart is not just its rugged exterior, but also its capacity for accommodating hard cases that are deeper, providing even more storage space for your equipment. For reliable on-the-go protection, opt for Eylar<sup>®</sup> protective rifle roller cases, where toughness meets versatility.
